The condition of our city finances are such that we ought to have our streets well lighted.

WEALTHY and prominent Chicago *ogues* have petitioned Congress for more rigid divorce laws in all the States of the Union.

The Welsbach system distributes the light uniformly over the area to be lighted, so there are no dark spots. Let us have them.

The National Biscuit Company cleared nearly four millions of dollars last year, showing that it pays to make good bread.

A TENDER-HEARTED Virginia judge dismissed a man accused of stealing coal, saying that the extremely cold weather justified such theft.

The present month, but little over half gone, has already made a minus departure from normal temperature aggregating more than 300 degrees.

A WOMAN in Elwood, Ind., was granted a divorce because her husband insisted on sleeping with his clothes on and hadn't changed his underwear for six months.

MISS SUSAN B. ANTHONY is physically and intellectually vigorous at the great age of eighty-two, even though she hasn't been "a long life user of tobacco and alcoholic stimulants in moderation."

The Representative from Clark county has introduced a bill in the Legislature which provides that if any lawyer shall cause loss to client by deception, fraud or neglect, the attorney shall be guilty of felony.

If the sun should rise later and later, instead of earlier and earlier, each successive day of this week, don't trouble yourself about it, Prince Henry, of Prussia, is steaming westward and tilting the earth in that direction.

DOWN on the Virginia coast last Friday Grover Cleveland and his hunting party slaughtered two hundred ducks and thirty geese, right on the eve of their breeding season. Where is that Society for the Protection of American Game?

OUR people want the Welsbach street lights. Want them badly. Want them all night and every night.

WITHOUT an effort at flattery the country newspapers of Kentucky are the best that come to our exchange table, and we get them from many States in the Union. The Country press of Kentucky does hard work and turns out creditable publications.—Elkton Progress.

FROM Wahoo, Nebraska, comes the joyful news that prosperity is thick enough to feel out in that neighborhood. This is another reason why the laborer working at the same or reduced rate of wages and paying thirty-five cents a dozen for eggs should pitch up his hat and rejoice.

Two Welsbach street lamps takes the place of one arc lamp, and lights a greater area.

In Paris male domestic servants are encouraged to marry, as they are observed to be more settled and attentive to their duty than when bachelors. In London such marriages are discouraged, as rendering servants more attentive to their families than to those of their masters.

We are told that much comment has been caused in Baltimore surgical circles by a successful operation to remove a double chin. Yet Dr. Guillotine put into operation at Paris more than a hundred years ago a surgical machine which did that feat with neatness, dispatch and entire satisfaction to the operators.

A MASSACHUSETTS physician who has been opposed to vaccination has been convinced of his error by contracting a virulent case of small-pox, after being exposed to the contagion. The argument is conclusive, but too cumbersome and expensive for general use, and the best plan is to vaccinate first and then allow the anti-vaccinationist to argue against it.

The Gas Company have made the cheapest bid for lighting our streets ever before offered, and the best light

The man who composed "Home, Sweet Home" never had a home. The man who composed "On the Banks of the Wabash," never had a bank. The man who composed "My Bark is on the Sea" never had a dog. The man who composed "Tramp! Tramp! Tramp!" never owned a tomato can. The man who composed "Only One Girl" is married and has a breach of promise suit on his hands. The man who composed "Goo Goo Eyes" ought to teshot.

A FEW years since there was not a Welsbach street lamp in any city. In this country now there are over 100,000 in use, and being added daily, and are giving perfect satisfaction. Paris wants them.

HENRY E. YOUTSEY is the latest contributor to the religious press, a letter from him having appeared in the Southern Evangelist, Lexington, last week. It is not for us to criticize his motives, we merely remark on it. However it reminds us of several murderers and others who have secured pardons partly on account of their activity in the prison religious societies.—Richmond Climax.

Managers of the tobacco fair met and tendered the Legislature a special train over the L. & N. to attend the tobacco fair at Maysville tomorrow. The Legislature is expected to accept the invitation. Chas. Replogle, of Atwater, O., was unable to work on account of kidney trouble. After using Foley's Kidney Cure four days he was cured.—Clark & Kenney.

The bent pin may be a joke but the victim doesn't see the point.

Frank Treadwell, Bennett, La., was troubled with kidney disease for two years. He writes: "I had taken several kinds of kidney remedies, but with little benefit. Finally I tried Foley's Kidney Cure and a one dollar bottle cured me."—Clark & Kenney.

My Hair

"I had a very severe sickness that took off all my hair. I purchased a bottle of Ayer's Hair Vigor and it brought all my hair back again."
W. D. Quinn, Marseilles, Ill.

One thing is certain,—Ayer's Hair Vigor makes the hair grow. This is because it is a hair food. It feeds the hair and the hair grows, that's all there is to it. It stops falling out of the hair, too, and always restores color to gray hair.
\$1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER & CO., Lowell, Mass.

DEATHS.

W. B. Fasig, of the firm of Fasig & Tipton, died near New York. His fame as a horseman was world-wide.

Mr. John D. Hatchins, born in Bourbon county in 1810, died Monday night at the home of his daughter, Mrs. William Johnson, at Tyrone.

Let us hope there will be no plumbers in heaven.

One way to keep your promises is not to give them.

You Do, or You Don't Need Glasses

The eye being a rather delicate organ, great care should be exercised in the selection of proper glasses. Many believe that glasses should be resorted to only when the sight becomes so defective as not to be able to do without. This is a great mistake which must be combatted. Whenever there is unmistakable evidence of the need of their aid, they should be used. A neglect of this rule sometimes produces mischief which results in serious trouble if the course be persisted in.

Our Dr. C. H. BOWEN having just returned from taking a special course in Optics from one of the best specialists in New York, is prepared to do the best of work, having the latest improved methods of fitting. Examinations free. Next visit Wednesday, Feb. 26, 1902.

CHURCH CHIMES.

This is Ember week. To-day and tomorrow will be the first Ember days of the year. They will be days of fasting and abstinence. The four Ember weeks in the year, instituted and observed by the Catholic Church throughout the world, are times of public prayer, fasting and thanksgiving, partly for the successful ordination of priests and other ministers of the church, and to thank God for the fruits of the earth and implore a continuance of them.

Choir boys of St. Clement's Church, in New York, went on a strike, and, led by the rector's son, stoned the chapel.

"Uncle" Joe Hopper began a meeting at the Presbyterian Church, in Carlisle, on Wednesday last.
